Why FSB Check?

The mandatory 15% Construction Withholding Tax for domestic construction projects is not required to be withheld if the employed company possesses a valid exemption certificate (FSB). Legal consequences threaten if this exemption certificate is missing or invalid and the tax is not withheld.

FSB Check covers all your needs concerning exemption certificate verification.

Batch processing.

Check as many exemption certificates § 48 b EStG as you like with just one click.

History.

Keep track of your previously performed checks.

Copy & paste.

Copy directly from programs like Excel.

CSV upload.

Upload exported data from your current tools (e.g. SAP, CIM, Excel).

Export.

Get your results as CSV, PDF, XLS, or via email.

Basic
